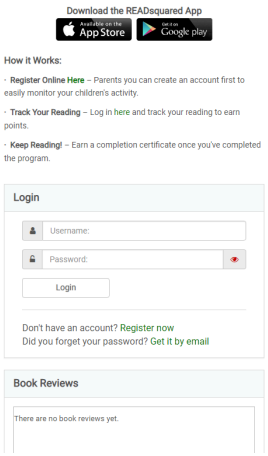
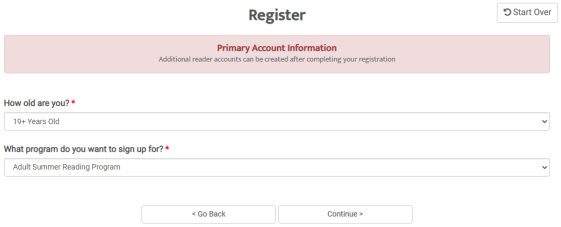
Using ReadSquared/ Logging Books/Ebooks

Visit chesterlibrary.readsquared.com. Either login with your account information from last year, or register as a new account holder. All of the programs we offer will be displayed.

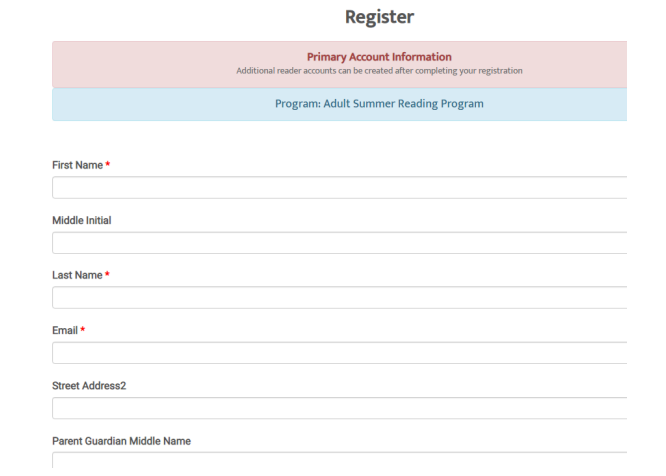


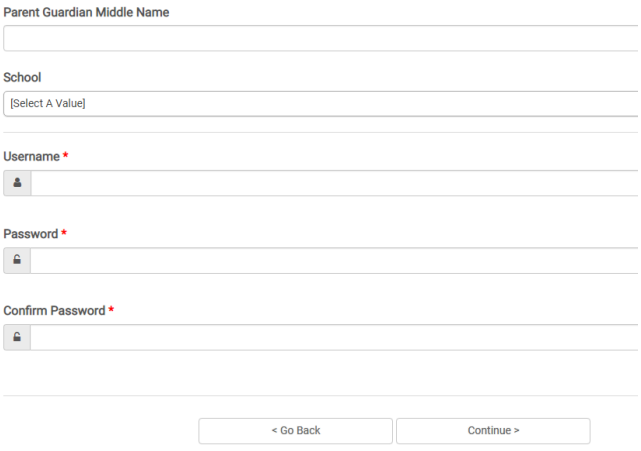
This year, you have the option to register as yourself or as a family. Children under 13 are required to have a parent or guardian register with them.

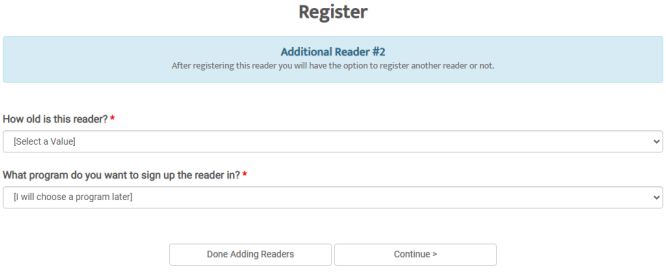
You will first enter in the age of yourself or the primary registrant and what program that individual needs to register for.



The below registration form fields will appear. Complete all required fields. For family registrations, the same username and password can be used for the whole family.



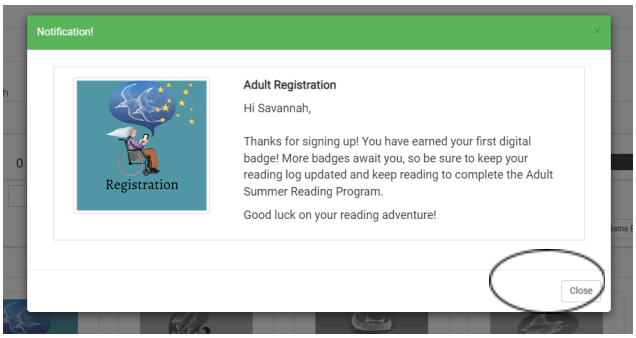




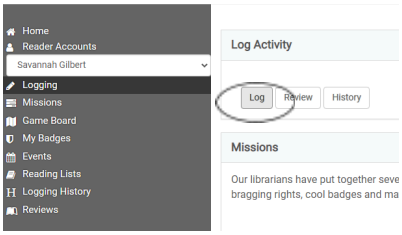
For family registrations, you will be prompted to complete registration for the next family member. Repeat this process until all family members are added. When they are all added, you will select *done*

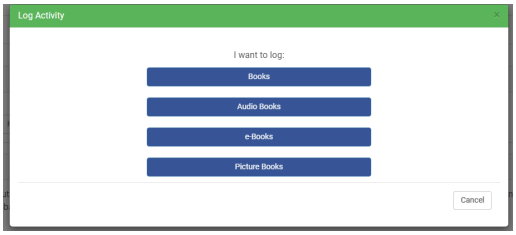
adding readers instead of continue. The registration field will auto-populate your email address and address for each new registrant.

Once you complete the registration process, you will see the screen to the right. Click close on the box that popped up.

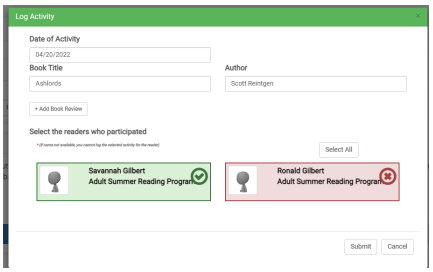


To the right of the screen, there will be a menu where you are able to navigate between users, enter books/audiobooks, and more. To log a book for your points, go to logging and then Log under log activity.

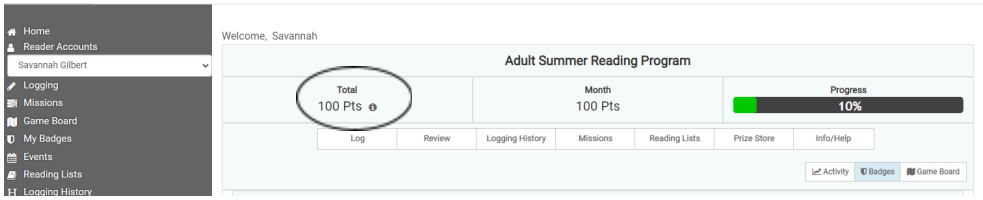




Enter the type of material you want to log (e-books can be logged as regular books. You will then be prompted to enter the title of the material you read/listened to. As you begin typing, the fields will auto-populate. You can also select multiple family members for the item if multiple family members read/listened to the item.



If you click on the home button, you can find the number of points you have achieved according to the program you are enrolled in.



For children, there are also fun missions/educational activities and games that they can play through ReadSquared.

We will not be offering an online Prize Store this year. We will have a Prize Store open inside the library for you to “shop” at with your points! Prize Stores will be open according to the program you enrolled in, so be sure to check out our Summer Reading Program calendar for the specific dates!

No paper logs will be accepted at the Chester County Library. We will have a computer set up and ready for parents to log their information here at the library for anyone needing computer access. You will just need to know your username and password.
